

CRANE CLIMBING DETECTION

Deter unwanted activity at your construction site.

Stealth Monitoring is North America's leader in proactive remote video monitoring. We use the latest technology and highly skilled Video Monitoring Operators to surveil Construction Projects for unusual & unwanted activity.

Our Crane Climbing Detection Solution features:

Detering unwanted access to cranes

Strategically placed cameras

Wireless Technology

Loudspeakers to deter trespassers

Authorization & identification

Tracking suspicious activity

- We offer a robust solution to protect crane shafts where trespassers and daredevils may climb.
- Our strategically-placed cameras are equipped with wireless technology to alert a trained operator if there is unusual activity.
- The solution is carefully designed to move with the crane as it is raised and as the site evolves through different phases.
- Track suspicious activity, reduce risks, limit liability, and improve safety on your construction site.

Choose an industry leader with over 100,000+ cameras monitored every night.

DETECT
