WHY COMMERCIAL PROPERTY COMPANIES CHOOSE STEALTH FOR SECURITY NEEDS:

High tech IP surveillance systems that are live video monitored

We respond to alarms derived from advanced video analytics to detect and prevent live crimes in progress

Verified live crime in progress leads to quicker police response times

Live voice down audio deterrent

Real-time video evidence and reports to authorities

Forensic video review service provides an easy and cost-effective way for facility managers to investigate and document incidents (ex. Slip and fall claims)

Will monitor 24/7, including weekends

Provide unlimited video reviews

Average 40+ arrests/charges per month

Customizable security service protocols & operational reporting

Real-time information to help enforce safety/compliance regulations

High-definition cameras track the smallest details

STEALTH PROVIDES BETTER SECURITY TO MANAGE RISK AND MITIGATE LIABILITIES WHILE PROVIDING THE FOLLOWING BENEFITS

Office buildings seek to maintain a secure environment for their tenants, while reducing their own exposure to premises liability. Many commercial properties rely on after-the-fact evidence that doesn't stop a crime in progress and has little value if criminals cannot be identified. On-site security guards are expensive and have many limitations.

- Reduce theft, vandalism and property damage
- Improve marketability to increase rents, occupancies and value
- Lower liability and business risk
- Receive full-service consulting with turnkey system design and installation
- Enjoy triple-tier Total Service from camera and network management to customized instructions and video review
- Consolidate portfolio security on a single enterprise platform
- Choose an industry leader with over 20,000 watched cameras

Leaders in Remote Video Monitoring & IP Security Solutions

THE STEALTH ADVANTAGE

Monthly Reports & Health Checks

Recurring diagnostic checks on equipment, site inspections, plus site-specific security reports

Site Analysis & System Design

Consultation and customized solutions to enhance security measures

High Definition Surveillance

In-house software development and installation team work together to provide top-quality products & technical support

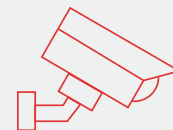

Operational Management Tools

Customized service protocols to meet client-specific requirements

Video Analysis

Proactive forensic video investigation team performs video reviews for security and operation events

Live Remote Video Monitoring

Customized monitoring solutions: live video monitoring, analytic event-based monitoring & video guard tours

SERVING CUSTOMERS ACROSS NORTH AMERICA
